Short description:

Simple mixin of the original carriage by removing zigzag belt lock with a clamp style lock.

Description:

<div>When you use a closed loop belt the zigzag on the carriage shorten the length of the belt to avoid this I've mixed the original carriage and removed the zigzag and added a belt clamp. This has been done by so many than no credit to me just a bit of tinkering.   </div><div>
</div><div>This thing was made with Tinkercad. Edit it online https://www.tinkercad.com/things/1HwEExfjDWP</div>
